

IVR call flow

The following is the general call flow when using the Oregon ePermitting IVR System:

Call: 1-888-299-2821

Enter 12 digit **IVR Number** located on the permit
(This is different from the permit number)

Press **1** to schedule.

Press **2** to cancel or reschedule.

Press **3** to hear results.

Press **0** to contact the jurisdiction who issued your permit during regular business hours.

Press ***** for general info about the IVR system.

If this jurisdiction requires pending inspections, press ***** to hear the available inspection codes.

Otherwise, enter the **4 digit inspection code**.

(You cannot enter an inspection code that is not related to the permit type. **Example:** 3999 Final Plumbing cannot be scheduled on an electrical permit.)

Press the appropriate number for the desired inspection date.

Press **1** to leave the inspector a message.

Press **2** to skip leaving the inspector a message.

Press **10 digit phone number** where the inspector can reach you.

Inspection is scheduled and confirmation number listed.

Use these commands any time during the call:

- Press **#** to go back one step.
- Press **0** to be connected to the jurisdiction who issued your permit.

Pending inspections

Callers can schedule any inspection on the permit by entering the appropriate inspection code. (see back page)

Questions about your inspections

Contact your local building department

Online at: BuildingPermits.Oregon.gov

- Click on **Building Dept. Directory**
- Or call Jackson County at 541-774-6927
