Application and Signature Authorization Form for Facility Permit

To our permit customers,

In an effort to provide you with the best possible service, we have developed this form for you to sign at the time of application for your permit.

THIS IS NOT A PERMIT. Your permit will be issued later, when all information is available, however, we need your authorizing signature for our records. This form will be made a part of our permit files for future reference and will take the place of your actual signature on the permit itself.
